

Discover® Global Network Account Updater

Keep Your Payment Info Up to Date with Account Updater

Account Updater is a simple tool that updates recurring and stored card-on-file payment accounts, so you can keep processing payments with no interruption.

The Right Solution for you and your Customers

Merchant Benefits

- Potential for increased transaction approval rate.
- Reduce customer service costs by lowering payment interruption.
- Possible reduction in customer attrition.
- Reduce friction when transitioning from old account to new account.

Cardholder Benefits

- Simplify updates—eliminates need for cardholder to update their account manually.
- Decrease of missed or late payments due to transaction declines.
- Positive cardholder experience.

1. Total volume YOY on DGN. Internal DFS Data 2023 vs. 2022.
